Lawn & Garden

RYOBI®

**DESIGNED
TO DO
MORE**

All products shown are in compliance with the appropriate European regulations.

Warning: All warranties are country/region specific. Tools purchased e.g. in the USA or via the internet, and imported into Europe, which are not CE approved, not only violate EU legislation, but will not be supported/serviced in Europe by Ryobi® as a result. Only tools bought in the European Union (incl. Switzerland) are covered by an European warranty.

Ryobi® reserves the right to revise product specifications at any time without notice.

We continue to offer a 2 year warranty on all our products*

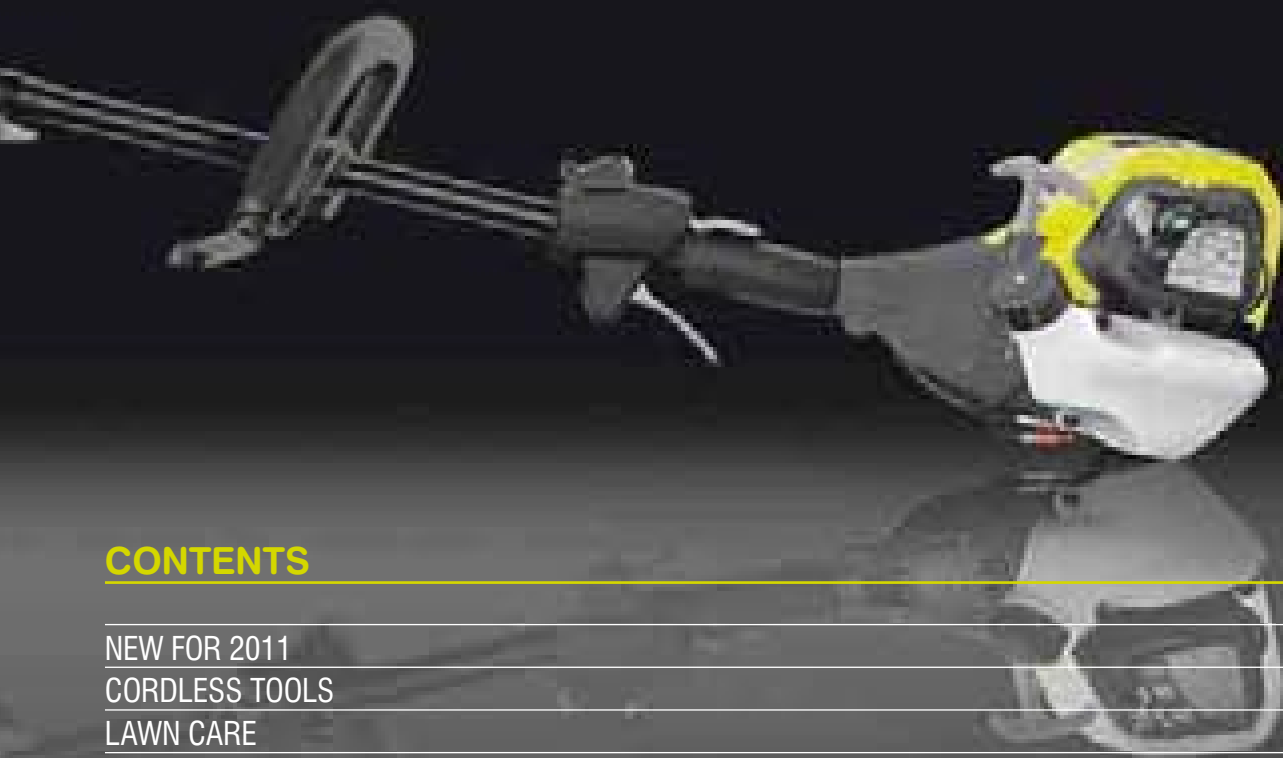

*Excluding spares and accessories.

At Ryobi® we've built a solid and enviable reputation by developing a real knowledge of exactly what people need from their garden tools.

RYOBI®

**DESIGNED
TO DO
MORE**

Every Ryobi® garden tool is a culmination of outstanding performance coupled with value and proven reliability making Ryobi® the number one choice for home-users.

New for 2011

As one of the largest and most innovative manufacturers of power and garden tools in the world, Ryobi® are dedicated to delivering outstanding performance and reliability.

Lithium-Ion 36V Range

Our new 36V Lithium-Ion range offers petrol performance and run time but with up to 97% less vibration and noise and best of all there are no emissions during use.

Being battery powered means no more mixing petrol and 2 stroke oil and storing messy cans of petrol, and without the cost of fuel, it's actually up to 50 times cheaper to run than equivalent petrol units.

To find out more view the range on pages 8–10.

One Plus™ 18V Range

The One Plus™ system is a unique 18V tool range in which one battery and charger can be used with up to 30 power and garden tools.

All the power of 18V with the cost saving of only having to buy the battery and chargers you need. Simply buy a starter kit, or an individual tool, battery and charger.

Then use the same battery to power any tool from the extensive range, removing the added expense of buying batteries and chargers with every tool purchase; saving you money. That's why it's the clever way to buy tools.

For more information see pages 12–15.

Lawnmower

Meet the new family of mowers. Whether it's petrol performance, from a Subaru® engine or cordless convenience from a 36V Lithium-Ion battery, Ryobi® has a mower to suit you.

In our cordless range there is a 48V lawnmower and a 36V Lithium-Ion lawnmower, offering the performance and freedom of petrol but with the convenience and emissions-free running of cordless.

To find out more regarding our petrol mowers see page 32–33 or for information on our cordless mowers see pages 10–11.

TEK4™

TEK4™ cordless tools provide maximum performance durability and run time. Each TEK4™ tool is powered by a 4V reusable Lithium-Ion battery and is designed for ultimate performance and ease of use.

Ergonomic and light weight, TEK4™ tools handle the toughest garden pruning and trimming tasks with fade free power, and over 2,000 recharges. The TEK4™ battery is interchangeable with all TEK4™ products including power tools.

See more about the range on pages 16–17.

RHT36

NEW

36V Lithium-Ion Hedge Trimmer

Features

- 1 powerful 36V (2.6Ah) Lithium-Ion battery and charger
- Up to 90 minutes run time
- Anti-slip teeth grip each branch during cutting for a cleaner cut and more efficient trimming
- Laser cut diamond ground blades are precision cut and ultra sharp for cleaner cutting results
- HedgeSweep™ blade easily removes clippings during cutting
- Metal blade protector prevents damage when cutting against surfaces
- Heavy Duty Block Release™ gear box retracts the blade if it gets stuck on a hard branch
- GripZone™ overmould technology for improved comfort with a positive grip

Included as standard

1 x 36V (2.6Ah) Lithium-Ion battery, Blade sheath, HedgeSweep™, Charger

Specification

Power input:	36V battery
Cutting capacity:	20mm
Blade length:	550mm
Stroke rate:	3,000spm
Charge rate:	
60%	60 minutes
100%	100 minutes
Weight:	4.2kg

RLT36

NEW

36V Lithium-Ion Line Trimmer

Features

- 1 powerful 36V (2.6Ah) Lithium-Ion battery and charger
- Up to 60 minutes run time
- Rear mount battery for better balance and weight distribution
- Variable speed trigger extends run time and allows for trimming against delicate surfaces
- Ergonomic front handle helps reduce vibration and improves comfort
- Angled boom for improved balance
- Metal plant protector protects flowers and delicate surfaces
- Auto-feed line conveniently maintains optimal cutting length
- GripZone™ overmould technology for improved comfort with a positive grip

Included as standard

1 x 36V (2.6Ah) Lithium-Ion battery, auto-feed line, Charger

Specification

Power input:	36V battery
Cutting diameter:	28 – 33cm
Max speed:	9,000 – 10,000rpm
Line feed system:	Auto-feed
Line type:	1.5mm twisted
Charge rate:	
60%	60 minutes
100%	100 minutes
Weight:	4.1kg

RCS36

NEW

36V Lithium-Ion Chainsaw

Features

- 1 powerful 36V (2.6Ah) Lithium-Ion battery and charger
- Up to 100 cuts through 4" (10cm) logs
- Top mount battery for better balance and weight distribution
- Chain speed optimized for highest torque to virtually eliminate motor stalls during heavy cutting loads
- Wrap around handle for improved comfort during use
- Auto oiler automatically lubricates bar and chain to prolong tool life
- Toolless chain tensioner quickly and easily adjusts chain tension for best performance
- GripZone™ overmould technology for improved comfort with a positive grip

Included as standard

1 x 36V (2.6Ah) Lithium-Ion battery, Bar & chain oil, Scabbard, Charger

Specification

Power input:	36V battery
Torque:	4.4Nm
Chain/Bar length:	30cm
Chain speed:	3.7m/s
Toolless chain tensioner:	Yes
Oil tank capacity:	110ml
Charge rate:	
60%	60 minutes
100%	100 minutes
Weight:	4.4kg

RBL36B

NEW

36V Lithium-Ion Blower

Features

- Accepts 36V Lithium-Ion batterie (sold separately)
- Over 30 minutes of run time at full speed
- Top mount battery gives better balance and weight distribution
- Full variable speed trigger reduces noise, improves run time and gives the user more control
- Removeable high speed nozzle gives the option for high speed for wet leaves and debris or high air volume for dry, loose matter
- GripZone™ overmould technology for improved comfort with a positive grip

Included as standard

High speed nozzle

Specification

Power input:	36V battery
Airspeed:	up to 250km/h
Switch:	Variable Speed
Weight:	3.1kg

RLM3640LI

NEW

36V Lithium-Ion Lawnmower

Features

- Cuts up to 400m² on a single charge
- Convenient single point height adjust lever for 5 lengths of grass cutting
- 40cm deck for large cutting width
- Bumpers to protect the mower when cutting close to hard surfaces
- Quick release folding handles for easy storage
- Large 50 litre capacity collection bag, also collapses for easy storage
- 2-in-1 operation: bagging and mulching
- Safety key for accidental start prevention

Included as standard

1 x 36V (2.6Ah) Lithium-Ion battery, 1 x mulching plug, Charger

Specification

Power input:	36V battery
Deck size / cutting diameter:	40cm
Blade speed:	3,500rpm
Drive mechanism:	Push
Mulching capable:	Yes
Charge rate:	
60%	60 minutes
100%	100 minutes
Weight:	18.0kg

FOR FULL RANGE OF ACCESSORIES PLEASE SEE PAGE 18-21

48V Cordless Lawnmower

RYOBI®

**DESIGNED
TO DO
MORE**

The Power of Petrol with Cordless Simplicity

- 01 Easily accessible 48V battery gives longer run time, whilst running costs remain low.
- 02 52cm cutting deck with 3-in-1 bagging, mulching and side eject.
- 03 Cuts up to 2,000m² on one battery charge.

48V

RLM4852L

48V Cordless Lawnmower

NEW

Features

- Cuts up to 2,000m² with up to 90 minutes run time per charge
- Convenient single point height adjust lever for 7 lengths of grass cutting
- Easy access to the battery
- 52cm deck for increased cutting width
- Bumpers to protect the mower when cutting close to hard surfaces
- 3-in-1 operation: bagging, mulching and side eject
- Safety key for accidental start prevention

Included as standard

1 x 48V Lead acid battery, Mulching plug, Side eject kit

Specification

Power input:	48V battery
Deck size / cutting diameter:	52cm
Motor speed:	3,000rpm
Drive mechanism:	Self-propelled
Mulching capable:	Yes
Weight:	43.1kg

The Ryobi® One Plus™ System is a unique tool range in which one battery and charger can be used with up to 25 power tools and 5 garden tools.

So you can have as many tools as you need, but you only have to pay for the batteries & chargers once!

HOW DO I START?

Buy a starter kit including tool, battery and charger.

**THE CLEVER WAY TO
BUY CORDLESS
GARDEN TOOLS**

Choose any tool and buy the battery and charger separately.

Next tool purchase; no need to buy another battery and charger. Save money!

RLT1830LI

NEW

18V One Plus™ Line Trimmer Starter Kit with Compact Lithium-Ion Battery

Features

- 1 powerful 18V (1.4Ah) Lithium-Ion Compact One Plus™ battery and Super Charger
- Up to 25 minutes run time
- Extendable shaft to suit your style of working
- Lock-out safety switch
- Fully adjustable 'D' handle
- Rotatable head for edging
- Pivoting head for trimming under hedges & decks, and on slopes
- Auto-feed line advances when you release the trigger and decelerate
- Metal plant protector protects flowers and delicate surfaces
- GripZone™ overmould technology for improved comfort with a positive grip

Included as standard

1 x 18V (1.4Ah) Compact Lithium-Ion battery, Super Charger

Specification	
Power input:	18V battery
No load speed:	8,000rpm
Line feed system:	Auto Feed
Cutting path width:	300mm
Cutting line diameter:	1.6mm
Charge rate:	
100%	45 minutes
Weight:	3.2kg

OLT1831

NEW

18V One Plus™ Line Trimmer

Features

- Up to 25 minutes run time (battery and charger sold separately)
- Extendable shaft to suit your style of working
- Lock-out safety switch
- Fully adjustable 'D' handle
- Rotatable head for edging
- Pivoting head for trimming under hedges & decks, and on slopes
- Auto-feed line advances when you release the trigger and decelerate
- Metal plant protector protects flowers and delicate surfaces
- GripZone™ overmould technology for improved comfort with a positive grip

Specification	
Power input:	18V battery
No load speed:	8,000rpm
Line feed system:	Auto Feed
Cutting path width:	300mm
Cutting line diameter:	1.6mm
Charge rate:	
100%	45 minutes
Weight:	2.3kg

RHT1850LI

NEW

18V One Plus™ Hedge Trimmer Starter Kit with Compact Lithium-Ion Battery

Features

- 1 powerful 18V (1.4Ah) Lithium-Ion Compact One Plus™ battery and Super Charger
- Up to 35 minutes run time
- 500mm diamond ground hardened steel blades
- Double sided, dual reciprocating blade for enhanced cutting efficiency
- HedgeSweep™ compatible blade bar (sold separately)
- Large 16mm cutting capacity
- Large front handle for comfortable cutting
- GripZone™ overmould technology for improved comfort with a positive grip

Included as standard

1 x 18V (1.4Ah) Compact Lithium-Ion battery, Blade sheath, Super Charger

Specification

Power input:	18V battery
Cutting capacity:	16mm
Stroke rate:	2,400spm
Blade length:	500mm
Charge rate:	
100%	45 minutes
Weight:	2.7kg

OHT1851

NEW

18V One Plus™ Hedge Trimmer

Features

- Up to 35 minutes run time (battery and charger sold separately)
- 500mm diamond ground hardened steel blades
- Double sided, dual reciprocating blade for enhanced cutting efficiency
- HedgeSweep™ compatible blade bar (sold separately)
- Large 16mm cutting capacity
- Large front handle for comfortable cutting
- GripZone™ overmould technology for improved comfort with a positive grip

Included as standard

Blade sheath

Specification

Power input:	18V battery
Cutting capacity:	16mm
Stroke rate:	2,400spm
Blade length:	500mm
Weight:	2.2kg

OBL1802

18V One Plus™ Blower

NEW

Features

- Accepts 18V One Plus™ NiCad or Lithium-Ion batteries (sold separately)
- Powerful but quiet blower / sweeper
- 120mph (193km/h) airflow speed
- Light weight for easy operation
- Ergonomic flick switch
- High speed nozzle design with debris scrapper
- GripZone™ overmould technology for improved comfort with a positive grip

Included as standard

1 x nozzle

Specification

Power input:	18V battery
Air flow speed:	120mph (193km/h)
Weight:	1.6kg

OPS1821

18V One Plus™ Pruner

NEW

Features

- Accepts 18V One Plus™ NiCad or Lithium-Ion batteries (sold separately)
- Shaft extends 40cm for hard to reach branches up to 3.5 meters high
- Toolless blade clamp for quick and easy blade changes
- Lock-out safety switch
- Integrated branch hook to pull branches to the ground
- Fully adjustable 'D' handle
- Takes standard reciprocating saw blades
- 22mm stroke length
- 3,000spm no load speed
- GripZone™ overmould technology for improved comfort with a positive grip

Included as standard

Blade

Specification

Power input:	18V battery
No load speed:	3,000spm
Max cutting capacity:	
(wood)	102mm
Stroke length:	22mm
Weight:	2.7kg

OGS1821

18V One Plus™ Shear & Shrubber

NEW

Features

- Accepts 18V One Plus™ NiCad or Lithium-Ion batteries (sold separately)
- Light weight for easy operation
- Sealed maintenance free blade gears
- Toolless blades for quick changes
- GripZone™ overmould technology for improved comfort with a positive grip

Included as standard

1 x grass cutting blade, 1 x shrubbing blade

Specification

Power input:	18V battery
Cutting capacity:	8mm
Shrubber blade:	200mm
Shear blade:	100mm
Weight without blade:	1.4kg

Includes shrubbing blade

TEK4™ cordless electronic tools provide maximum performance, durability and run time.

Each TEK4™ tool is powered by a 4V reusable Lithium-Ion battery, and is designed for ultimate performance and ease of use. The TEK4™ battery is interchangeable with all TEK4™ products.

TEK4™ Lithium-Ion batteries have longer run times, fade free power, over 2,000 recharges, and a single charge performance up to the equivalent of 3 AA alkalines.

RGS410

NEW

TEK4™ Lithium-Ion Shear Shrubber

Features

- 4V Lithium-Ion battery gives up to 55 minutes of run time on one battery charge
- Precision ground blades provide cleaner cutting results
- Toolless blade clamp allows you to quickly and easily change blades
- Trigger lock out prevents accidental starting

Included as standard

1 x 4V Lithium-Ion battery, Charger

Specification

Power input:	4V
Cutting capacity:	8mm
Shrubber blade:	120mm
Shear blade:	80mm
Charge rate:	100% 210–270 minutes
Pole Attachment	
Compatible:	Yes
Weight with shrubber attachment:	0.6kg
Weight with grass shear attachment:	0.5kg

CORDLESS ELECTRONIC TOOLS

RLP416

NEW

TEK4™ Lithium-Ion Lopper

Features

- 4V Lithium-Ion battery gives up to 500 9mm cuts on one battery charge
- Precision ground blade provide cleaner cutting results
- 30° Angled handle for optimum user comfort
- Trigger lock out prevents accidental starting

Included as standard

1 x 4V Lithium-Ion battery, Charger

Specification

Power input:	4V
Cut capacity:	
Soft wood	16mm
Hard wood	10mm
Pole Attachment	
Compatible:	Yes
Charge rate:	100% 210–270 minutes
Weight:	0.7kg

Petrol Line Trimmers & Brush Cutters

The StartEasy™ system enables fast and easy starting.

EXPAND-IT™
ATTACHMENTS

Turn one power unit into eight tools.

The easiest starting petrol garden power tools in the world.

Petrol Power

The lightest 4 stroke garden power tools in their class

RLT26CDS

26cc StartEasy™ Line Trimmer

Features

- StartEasy™ carburettor for easy starting
- Advanced engine design for optimum power and low emissions
- Split shaft for Expand-it™ attachment compatibility
- Light weight and ergonomic design
- Reel-Easy™ bump feed head with patented 'Thread and load' system for rapid line refills
- Centrifugal clutch for easier starting

Included as standard

2 stroke oil, Reel-Easy™ cutting head with 6m cutting line, Wrench, D handle

Specification

Engine type:	2 stroke
Engine displacement:	26cc
Output power:	0.9hp
Tank capacity:	0.25l

RBC30SBT

30cc TouchStart™ Bike Handle Brush Cutter

Features

- TouchStart™ push button start system for easy starting. Includes an on-board charging system
- Powerful 30cc 2 stroke engine with 1hp output
- Split shaft for compact storage and Expand-it™ attachment compatibility
- Tri-Arc™ hardened steel brush cutting blade
- Reel-Easy™ bump feed head with patented 'Thread and load' system for rapid line refills
- Centrifugal clutch for easier starting
- Fully adjustable rotating bike handle for comfort and storage convenience

Included as standard

2 stroke oil, Tri-Arc™ blade, Reel-Easy™ cutting head with 6m cutting line, TouchStart™ charger and battery, Quick release shoulder strap, Wrench, bike handle

Specification

Engine type:	2 stroke TouchStart™
Engine displacement:	30cc
Output power:	1hp
Tank capacity:	0.42l
Cutting path width:	
String head	46cm
Blade	20cm
Line diameter:	2.4mm
Handle type:	Bike handle
Weight:	7.4kg

RBC430SES

30cc 4 Stroke Brush Cutter

Features

- No mixing of fuel & oil required
- Light weight 30cc – 4 stroke engine with 1hp output
- Reel-Easy™ bump feed head with patented 'Thread and load' system for rapid line refills
- Tri-Arc™ hardened steel brush cutting blade
- Anti-vibration handle for added safety and user comfort
- Split shaft for compact storage and Expand-it™ attachment compatibility
- Centrifugal clutch for easier starting

Included as standard

4 stroke oil, Tri-Arc™ blade, Reel-Easy™ cutting head with 6m cutting line, Quick release shoulder strap, Wrench, Ergo handle

Specification

Engine type:	4 stroke
Engine displacement:	30cc
Output power:	1hp
Tank capacity:	0.35l
Cutting path width:	
String head	46cm
Blade	20cm
Line diameter:	2.4mm

30cc 4 Stroke Bike Handle Brush Cutter

Features

- No mixing of fuel & oil required
- Light weight 30cc – 4 stroke engine with 1hp output
- Fully adjustable rotating bike handle for comfort and storage convenience
- Split shaft for compact storage and Expand-it™ attachment compatibility
- Reel-Easy™ bump feed head with patented 'Thread and load' system for rapid line refills
- Tri-Arc™ hardened steel brush cutting blade
- Centrifugal clutch for easier starting
- Anti-vibration handle for added safety and user comfort

Included as standard

4 stroke oil, Tri-Arc™ blade, Reel-Easy™ cutting head with 6m cutting line, Quick release safety harness, Wrench, Bike handle

Specification

Engine type:	4 stroke
Engine displacement:	30cc
Output power:	1hp
Tank capacity:	0.35l
Cutting path width:	
String head	46cm
Blade	20cm
Line diameter:	2.4mm
Handle type:	Bike handle
Weight:	7.4kg

RBC40SB

40cc Professional Brush Cutter

Features

- Powerful 40cc engine with 1.7hp output
- Full crank engine for extended engine life and reduced vibration
- Fully adjustable rotating bike handle for comfort and storage convenience
- Solid drive shaft for added durability
- Centrifugal clutch for easier starting
- Quick release fixed line cutting head

Included as standard

Quick release safety harness, 3 tooth hardened steel blade, Fixed line head with 10 lines, Bike handle, Wrench

Specification

Engine type:	2 stroke full crank engine
Engine displacement:	40cc
Output power:	1.7hp
Tank capacity:	1.2l
Cutting path width:	
String head	42cm
Blade	26cm
Line diameter:	2.7mm
Handle type:	Bike handle
Weight:	7.9kg

RBC52SB

52cc Professional Brush Cutter

Features

- Powerful 52cc engine with 1.9hp output
- Full crank engine for extended engine life and reduced vibration
- Fully adjustable rotating bike handle for comfort and storage convenience
- Solid drive shaft for added durability
- Centrifugal clutch for easier starting
- Quick release fixed line cutting head

Included as standard

Quick release safety harness, 3 tooth hardened steel blade, Fixed line head with 10 lines, Bike handle, Wrench

Specification

Engine type:	2 stroke full crank engine
Engine displacement:	52cc
Output power:	1.9hp
Tank capacity:	1.2l
Cutting path width:	
String head	42cm
Blade	26cm
Line diameter:	2.7mm
Handle type:	Bike handle
Weight:	7.9kg

Turn one power unit into eight tools

EXPAND-IT™ ATTACHMENTS

Now you can make light
work of tough jobs around
the garden with Expand-it™

Expand-it™ attachments are compatible with a range of petrol line trimmers and brush cutters. Cost effective, convenient and easy to store, just look out for the Expand-it™ compatible logo throughout this brochure.

Features

Quick Release – Simply use the quick release mechanism on the shaft to remove the trimmer or cutter head and connect the Expand-it™ attachment – within a few seconds you have a new garden power tool.

AHF04

Articulating Hedge Trimmer

Features

- Blade length: 44cm
- Cutting capacity: 28mm
- Blade type: dual reciprocating
- 90° articulating blade for comfortable cutting in any angle
- 2.0kg

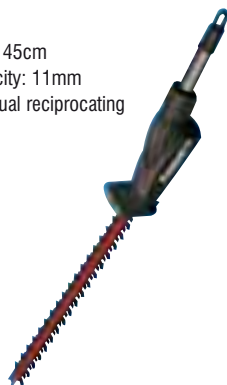

AHF03

Hedge Trimmer

Features

- Blade length: 45cm
- Cutting capacity: 11mm
- Blade type: dual reciprocating
- 2.1kg

APR04

Pole Pruner

Features

- Chain speed: 30m/s
- 15° angled blade for more comfortable and safer cutting
- Automatic chain oiler and clear oil tank
- Metal spike bumpers for easier and safer cutting
- 2.5kg

ABE04

Blower

Features

- Air speed: 240km/h
- Air volume: 8m³/min
- Leaf Guard™ technology for higher efficiency
- 1.4kg

AQTT03

Cultivator

Features

- Tine diameter: 20cm
- Number of tines: 4
- 6.2kg

AED04

Edger

Features

- Blade diameter: 23cm
- Edging depth: 1.3cm – 7cm
- Adjustable edging depth
- Ergonomic shaft angle
- Dual sided blade for higher efficiency and longer life
- 2.0kg

ABC03

Brush Cutter

Features

- Blade diameter: 20cm
- Tri-Arc™ cutting blade
- 2.1kg

ALT03

Line Trimmer

Features

- Line diameter: 2.4mm
- Cutting swath: 46cm
- Number of cutting lines: 2
- Straight shaft line trimmer attachment
- 1.7kg

AEX002

Extension Shaft

Features

- Length: 62cm
- Ideal for extending pole pruner or hedge trimmer attachments
- 0.7kg

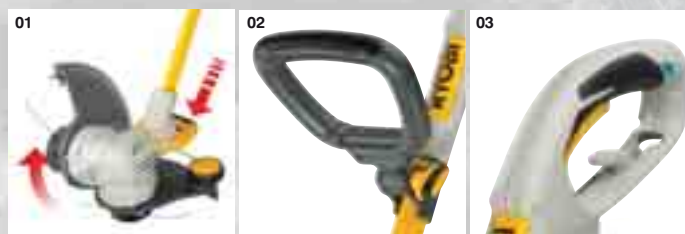

Electric Line Trimmers & Brush Cutters

Features

- 01 Patented EasyEdge™ technology offers a quick and simple transition between grass trimming and edging modes without letting go of the handles.
- 02 Fully adjustable front handle with GripZone™ and telescoping shaft offers maximum comfort and ease of use at any angle or height.
- 03 GripZone™ and Livetool Indicator™ for comfortable use and added user safety.

RLT5030S

500W EasyEdge™ Line Trimmer

Features

- Patented EasyEdge™ technology featuring a spring assisted pedal for smooth transition from grass trimming to edging mode
- Automatic feed spool head
- Powerful 500W high performance motor
- Telescoping shaft and fully adjustable front handle for optimum user comfort
- Plant protector for safe cutting and great finish
- Livetool Indicator™ glows blue when plugged into power supply
- GripZone™ rear and front handle for user comfort

Specification

Power:	500W
Cutting path width:	30cm
Line cutting system:	Auto-feed
Line type:	2 x 1.5mm twisted
Weight:	3.1kg

RLT4025

400W Line Trimmer

Features

- Innovative barrel wheel and rotating rear handle for edging
- Automatic feed spool head
- Easy to use and handle due to ergonomic design and telescopic shaft

Specification	
Power:	400W
Cutting path width:	25cm
Line cutting system:	Auto-feed
Line type:	2 x 1.5mm twisted
Weight:	2.3kg

RLT3025F

300W Folding Line Trimmer

Features

- Mid-shaft joint allows folding for easy storage and transportation
- Ergonomic arm support handle for improved balance and one-handed operation
- Efficient 300W motor for low weight and sufficient power

Specification	
Power:	300W
Cutting path width:	25cm
Line cutting system:	Bump head
Line type:	2 x 1.2mm
Weight:	1.9kg

Folds down for easy storage

RLT6038EX

600W Line Trimmer

Features

- Rear mount motor for full control at high motor power
- Wide cutting path
- Split shaft for easy transport and storage
- Fully adjustable front handle
- Livetool™ indicator glows blue when plugged into power supply
- GripZone™ handle for user comfort

Included as standard

Shoulder strap

Also available as a 1,000W version, see range summary on page 36

Specification	
Power:	600W
Cutting path width:	38cm
Line cutting system:	Bump head
Line type:	2 x 1.5mm twisted
Weight:	4.3kg

NOT AVAILABLE IN UK

RBC1000EX

1,000W Brush Cutter

Features

- Rear mount motor for full control with 1,000W motor power
- Wide cutting path
- Split shaft for easy transport and storage
- Fully adjustable front handle
- Livetool™ indicator glows blue when plugged into power supply
- GripZone™ handle for user comfort

Included as standard

Shoulder strap, dual line bump head, blade

Specification	
Power:	1,000W
Cutting path width:	
String head	38cm
Blade	20cm
Line cutting system:	Bump head
Line type:	2 x 2.00mm twisted
Weight:	4.8kg

Petrol Lawnmowers

Ultimate Power

- 01 Subaru® engine for ultimate performance.
- 02 The mulching function finely chops and redistributes grass clippings into the ground as a natural fertiliser.

Powered by

SUBARU

RLM4617SM

175cc Lawnmower

Features

- Subaru® 175cc OHC powerful engine
- 46cm deck for large cutting width
- Mulching function finely chops and redistributes grass clippings into the ground as a natural fertiliser
- Single point height adjustment for 7 length of grass cutting
- Bumpers to protect the mower when cutting close to hard surfaces

Included as standard

55 litre grass bag, mulching plug

Specification

Engine:	175cc OHC
Deck size / cutting diameter:	46cm
Motor speed:	2,800rpm
Drive mechanism:	Self-propelled 2-in-1 Grass bagging & mulching
Mulching plug supplied:	Yes
Weight:	32.5kg

Powered by

RLM5219SME

190cc Lawnmower

Features

- Subaru® 190cc OHC powerful engine
- 52cm deck for increased cutting width
- Mulching function finely chops and redistributes grass clippings into the ground as a natural fertiliser
- Single point height adjustment for 7 length of grass cutting
- Bumpers to protect the mower when cutting close to hard surfaces
- Side eject feature allows mower to cut long, rough grass

Included as standard

55 litre grass bag, mulching plug, side eject kit

Specification

Engine:	190cc OHC
Deck size / cutting diameter:	52cm
Motor speed:	2,800rpm
Drive mechanism:	Self-propelled 3-in-1 Grass bagging, mulching & side eject
Mulching plug supplied:	Yes
Weight:	34.5kg

Powered by

RLM140HP

140cc Lawnmower

Features

- Powerful 140cc OverHead Valve engine
- Mulching function finely chops and redistributes grass clippings into the ground as a natural fertiliser
- Single point height adjustment for 7 length of grass cutting
- Large grass bag for convenient cutting

Included as standard

55 litre grass bag

Specification

Engine:	140cc OHV
Deck size / cutting diameter:	46cm
Motor speed:	2,800rpm
Weight:	30.0kg

RLM140SP

140cc Self-propelled Lawnmower

Features

- Self propelled lawn mower for optimum user comfort
- Powerful 140cc OverHead Valve engine
- Mulching function finely chops and redistributes grass clippings into the ground as a natural fertiliser
- Single point height adjustment for 7 length of grass cutting
- Large grass bag for convenient cutting

Included as standard

55 litre grass bag

Specification

Engine:	140cc OHV
Deck size / cutting diameter:	46cm
Motor speed:	2,800rpm
Weight:	32.0kg

RYOBI®

**DESIGNED
TO DO
MORE**

Features

- 01 Toolless chain tensioner.
- 02 Anti-vibration handle.
- 03 Dual post chain break.
- 04 Clear view fuel tank.

RCS3335C

33cc Petrol Chainsaw

Features

- Power full 2-stroke 33cc engine
- 3-point anti-vibration isolation for user comfort and reduced fatigue during prolonged use
- Fast acting inertia activated chain brake for increased safety
- Toolless chain tensioning system
- Automatic chain and bar lubrication
- Clear fuel and oil tank for easy view of fluid levels
- Deluxe carry case

Included as standard

Bar & chain oil, 2 stroke oil, Carry case, Wrench

Specification

Engine displacement:	33cc
Power:	1.8hp (1.3kW)
Chain/Bar length:	33cm
Chain speed:	12.5m/s
Case:	Yes
Toolless chain tensioner:	Yes
Fuel tank capacity:	0.58l
Oil tank capacity:	0.35l
Weight:	4.8kg

RCS3535CB

35cc Petrol Chainsaw

Features

- 3-point anti-vibration isolation for user comfort and reduced fatigue during prolonged use
- Fast acting inertia activated chain brake for increased safety
- Toolless chain tensioning system
- Automatic chain and bar lubrication
- Clear fuel and oil tank for easy view of fluid levels
- Deluxe carry case

Included as standard

Bar & chain oil, 2 stroke oil, Carry case, Wrench

Specification

Engine displacement:	35cc
Power:	2hp (1.5kW)
Chain/Bar length:	35cm
Chain speed:	12.5m/s
Case:	Yes
Toolless chain tensioner:	Yes
Fuel tank capacity:	0.3l
Oil tank capacity:	0.2l
Weight:	5.3kg

RCS4040CB

40cc Petrol Chainsaw

Features

- Powerful 2 stroke 40cc engine
- 3-point anti-vibration isolation for user comfort and reduced fatigue during prolonged use
- Fast acting inertia activated chain brake for increased safety
- Toolless chain tensioning system
- Automatic chain and bar lubrication
- Clear fuel and oil tank for easy view of fluid levels
- Deluxe carry case

Included as standard

Bar & chain oil, 2 stroke oil, Carry case, Wrench

Specification

Engine displacement:	40cc
Power:	2.1hp (1.6kW)
Chain/Bar length:	40cm
Chain speed:	12.5m/s
Case:	Yes
Toolless chain tensioner:	Yes
Fuel tank capacity:	0.3l
Oil tank capacity:	0.2l
Weight:	5.4kg

RCS4640C

NEW

46cc Petrol Chainsaw

Features

- Powerful 2 stroke 46cc engine
- 3-point anti-vibration isolation for user comfort and reduced fatigue during prolonged use
- Fast acting inertia activated chain brake for increased safety
- Toolless chain tensioning system
- Automatic chain and bar lubrication
- Clear fuel and oil tank for easy view of fluid levels
- Deluxe carry case

Included as standard

Bar & chain oil, 2 stroke oil, Carry case, Wrench

Coming spring 2011

Specification

Engine displacement:	46cc
Power:	2.43hp (1.8kW)
Chain/Bar length:	40cm
Chain speed:	12.5m/s
Case:	Yes
Toolless chain tensioner:	Yes
Fuel tank capacity:	0.5l
Oil tank capacity:	0.3l
Weight:	5.4kg

RCS4845C

NEW

48cc Petrol Chainsaw

Features

- Powerful 2 stroke 48cc engine
- 3-point anti-vibration isolation for user comfort and reduced fatigue during prolonged use
- Fast acting inertia activated chain brake for increased safety
- Toolless chain tensioning system
- Automatic chain and bar lubrication
- Clear fuel and oil tank for easy view of fluid levels
- Deluxe carry case

Included as standard

Bar & chain oil, 2 stroke oil, Carry case, Wrench

Specification

Engine displacement:	48cc
Power:	2.57hp (1.9kW)
Chain/Bar length:	45cm
Chain speed:	12.5m/s
Case:	Yes
Toolless chain tensioner:	Yes
Fuel tank capacity:	0.5l
Oil tank capacity:	0.3l
Weight:	5.4kg

RCS5150C

NEW

51cc Petrol Chainsaw

Features

- Powerful 2 stroke 51cc engine
- 3-point anti-vibration isolation for user comfort and reduced fatigue during prolonged use
- Fast acting inertia activated chain brake for increased safety
- Automatic chain and bar lubrication
- Clear fuel and oil tank for easy view of fluid levels
- Deluxe carry case

Included as standard

Bar & chain oil, 2 stroke oil, Carry case, Wrench

Specification

Engine displacement:	51cc
Power:	2.7hp (2kW)
Chain/Bar length:	50cm
Chain speed:	12.5m/s
Case:	Yes
Toolless chain tensioner:	No
Fuel tank capacity:	0.5l
Oil tank capacity:	0.3l
Weight:	5.4kg

RCS1835

1,800W Electric Chainsaw

Features

- Toolless chain tensioning system
- Fast acting chain brake for added safety
- Automatic chain and bar lubrication
- Clear view window on oil tank for easy control of chain and bar oil levels
- Livetool Indicator™ glows blue when plugged into power supply
- GripZone™ rear handle for user comfort

Included as standard

Bar & chain oil

Specification

Power:	1,800W
Chain/Bar length:	35cm
Chain speed:	13m/s
Toolless chain tensioner:	No
Oil tank capacity:	0.2l
Weight:	5.1kg
Cable length:	10m

RCS2040

2,000W Electric Chainsaw

Features

- Powerful 2,000W motor
- Toolless chain tensioning system
- Fast acting chain brake for added safety
- Automatic chain and bar lubrication
- Clear view window on oil tank for easy control of chain and bar oil levels
- Livetool Indicator™ glows blue when plugged into power supply
- GripZone™ rear handle for user comfort

Included as standard

Bar & chain oil

Specification

Power:	2,000W
Chain/Bar length:	40cm
Chain speed:	13m/s
Toolless chain tensioner:	Yes
Oil tank capacity:	0.2l
Weight:	5.2kg
Cable length:	10m

RPP720

Electric Pole Pruner

Features

- Light weight 720W motor for ergonomic pole operation
- 15° angled cutting head for safer and easier cutting
- Telescopic fiber glass pole for long reach
- Automatic chain and bar lubrication
- Clear view window on oil tank for easy control of chain and bar oil levels
- Livetool Indicator™ glows blue when plugged into power supply
- GripZone™ handle for user comfort

Included as standard

Bar & chain oil, Wrench, shoulder harness

Specification

Power:	720W
Chain/Bar length:	20cm
Chain speed:	15m/s
Oil tank capacity:	51ml
Weight:	3.5kg
Cable length:	8m

Hedge Trimmers

Features

- 01 Unique rotating rear handle in combination with large loop front trigger makes it possible to cut hedges safely in different angles.
- 02 Lasercut precision blade with anti-skid technology for highest cutting performance and prolonged life.
- 03 HedgeSweep™ sweeps remaining clippings away from the hedge.

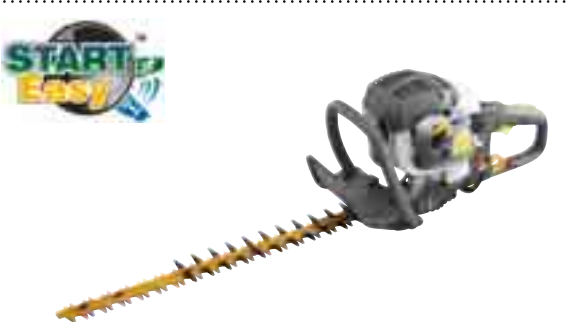

RHT2660DA 26cc StartEasy™ Petrol Hedge Trimmer

- Features**
- Powerful 26cc 2 stroke engine
 - 5 position rotating rear handle for optimum user comfort
 - Dual reciprocating precision blade for less vibration
 - StartEasy™ carburettor for easy starting

Included as standard
2 stroke oil, Wrench

Specification	
Engine displacement:	26cc
Power:	0.9hp
Blade length:	60cm
Cutting capacity:	28mm
Blade type:	dual-action
Blade speed:	2,600min ⁻¹
Weight:	5.3kg

RHT400

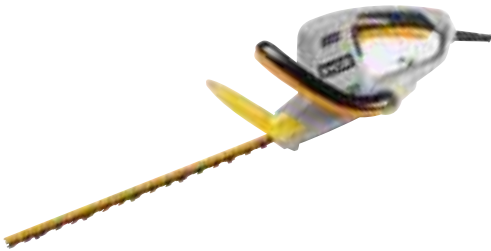

400W Electric Hedge Trimmer

Features

- Dual reciprocating blade for less vibration
- 180 degree loop front trigger handle for enhanced user comfort
- Livetool Indicator™ glows blue when plugged into power supply
- GripZone™ rear handle for user comfort

Specification

Power:	400W
Blade length:	45cm
Cutting capacity:	18mm
Blade type:	dual-action
T Blade protector:	No
Blade speed:	1,700min ⁻¹
Weight:	3.0kg

RHT500R

500W Electric Hedge Trimmer

Features

- Dual reciprocating diamond ground blade for great finish while cutting and less vibration
- T blade protector to guard blade
- HedgeSweep™ capable blade
- Unique rotating rear handle in combination with large loop front trigger makes it possible to cut hedges in different angles
- Livetool Indicator™ glows blue when plugged into power supply
- GripZone™ rear and front handle for added user comfort

Specification

Power:	500W
Blade length:	55cm
Cutting capacity:	24mm
Blade type:	dual-action
T Blade protector:	Yes
Blade speed:	3,000min ⁻¹
Weight:	3.4kg

RHT600RL

600W Electric Hedge Trimmer with HedgeSweep™

Features

- Laser cut high precision blade for cleanest cut
- HedgeSweep™ debris sweeper for easy removal of clippings
- Powerful 600W motor
- T blade protector to guard blade
- Unique rotating rear handle in combination with large loop front trigger makes it possible to cut hedges in different angles
- Livetool Indicator™ glows blue when plugged into power supply
- GripZone™ rear and front handle for added user comfort

Specification

Power:	600W
Blade length:	60cm
Cutting capacity:	27mm
Blade type:	dual-action
T Blade protector:	Yes
Blade speed:	3,000min ⁻¹
Weight:	3.8kg

Included as standard

HedgeSweep™

RPT400

Electric Articulating Pole Hedge Trimmer

Features

- Light weight 400W motor
- 135 degree articulating trimming head
- Telescopic fiber glass pole for long reach
- Livetool Indicator™ glows blue when plugged into power supply
- GripZone™ handle for user comfort

Specification

Power:	400W
Blade length:	40cm
Cutting capacity:	17mm
Blade type:	dual-action
T Blade protector:	No
Blade speed:	1,700min ⁻¹
Length of product:	195mm
Length extended:	230mm
Weight:	4.1kg

Garden Tidy Up

Blowers and Vacs	50–52
Shredders and Log Splitters	52–53
Cultivators	55
Garden Tidy Up Accessories	54–55

RYOBI®

**DESIGNED
TO DO
MORE**

Features

- 01 The unique and innovative PowerMulching™ blades protect the fan from being damaged by debris such as stones and twigs, which can be accidentally sucked up during use. The blades also increase the mulching capacity of the tool by chopping and mulching the leaves twice.
- 02 Telescopic tubes for easy storage and wheels for easy use and manoeuvrability.

01

02

RBV2800S

Electric Blower Vac with
PowerMulching™

Features

- High airspeed, airflow and mulching ratio at low power consumption
- PowerMulching™ blades allowing high impact resistance and high mulching ratio
- Quick change lever to switch between blow and vacuum mode
- Telescoping tubes with double safety switching for easy storage and transport
- Shoulder strap for added comfort and control
- Livetool Indicator™ glows blue when plugged into power supply
- GripZone™ rear handle and adjustable front handle for user comfort

Included as standard

Collection bag, Shoulder strap

Specification

Airspeed:	up to 320km/h
Air volume:	14m³/min
Mulching Ratio:	15:1
Collection bag capacity:	45l
Max Power:	2,800W
Variable Speed:	No
Weight:	5.5kg

RBV3000VP

Variable Speed Electric Blower Vac
with PowerMulching™

Features

- Variable speed selection for added user control
- High airspeed, airflow and mulching ratio at low power consumption
- PowerMulching™ blades allowing high impact resistance and high mulching ratio
- Quick change lever to switch between blow and vacuum mode
- Telescoping tubes with double safety switching for easy storage and transport
- Livetool Indicator™ glows blue when plugged into power supply
- GripZone™ rear handle and adjustable front handle for user comfort

Included as standard

Collection bag, Shoulder strap

Specification

Airspeed:	up to 320km/h
Air volume:	up to 14m³/min
Mulching Ratio:	15:1
Collection bag capacity:	45l
Max Power:	3,000W
Variable Speed:	Yes
Weight:	5.5kg

RBV26

26cc Petrol Blower Vac

Features

- Light and compact 26cc 2 stroke blower with vacuum capabilities
- High performance blower and mulching vacuum with adjustable speed
- Cruise control throttle allows to set and maintain desired speed during prolonged use to reduce user fatigue
- StartEasy™ carburettor for easy starting

Included as standard

2 stroke oil, Collection bag, Wrench, Vacuum tubes, Blower tubes

Specification

Engine displacement:	26cc
Airspeed:	up to 320km/h
Air volume:	up to 12m³/min
Mulching Ratio:	12:1
Collection bag capacity:	40l
Power:	0.9hp
Weight:	4.5kg

RBL30MVB

30cc Petrol Mulching Blower Vac

Features

- Quick change lever to switch between blow and vacuum mode without changing tubes
- Powerful 30cc 2 stroke engine
- High mulching efficiency with the metal mulching blade
- Cruise control throttle allows to set and maintain desired speed during prolonged use to reduce user fatigue
- Shoulder strap for added comfort and control

Included as standard

2 stroke oil, Collection bag, Wrench, Quick release shoulder harness

Specification

Engine Displacement:	30cc
Airspeed:	up to 250km/h
Air volume:	up to 13m³/min
Mulching Ratio:	12:1
Collection bag capacity:	40l
Power:	1hp
Weight:	7.5kg

RBL30BPT

30cc TouchStart™ Petrol Backpack Blower

Features

- TouchStart™ push button start system for easy starting. Includes an on-board charging system
- Powerful 30cc 2 stroke engine with 1hp output
- Cruise control throttle on ergonomic throttle arm allows to set and maintain desired speed during prolonged use
- Ergonomic backpack frame, with breathable back padding for improved user comfort
- Starter rope included as a backup
- Low noise blower

Included as standard

2 stroke oil, TouchStart™ charger and battery, Wrench

Specification

Engine displacement:	30cc
Airspeed:	up to 290km/h
Air volume:	up to 10m³/min
Power:	1hp
Weight:	7.8kg

RSH2455

2,400W Electric 'Quiet' Shredder/Mulcher

Features

- Crushing and cutting action is ideal for composting
- Auto reverse unblocking system
- Automatic self feeding operation
- Large top hopper for easy feeding of branches and leaves
- Very quiet operation
- Robust metal frame and large wheels for easy handling
- Overload protection for added user safety
- Livetool Indicator™ glows blue when plugged into power supply

Included as standard

Collection bag

Specification

Power:	2,400W
Cutting system:	Cutting/ crushing gear
Max. cutting diameter:	40mm
Cable length:	12m
Weight:	25.0kg

RSH2400R

2,400W Electric Shredder/Mulcher

- Features**
- Powerful impact shredder with two reversible blades
 - Shreds branches of up to 40mm
 - Reinforced frame for improved strength and stability
 - Large top hopper for easy feeding of branches and leaves
 - Overload protection for added user safety
 - Livetool Indicator™ glows blue when plugged into power supply

Included as standard
Collection bag, Plunger, Spanners

Specification	
Power:	2,400W
Cutting system:	Impact blades
Max. cutting diameter:	40mm
Cable length:	10m
Weight:	13.5kg

ELS52

1,500W Electric Log Splitter

- Features**
- Powerful 4 tons split force
 - Strong tubular frame to hold logs safely in place while operating
 - Large wheels and rubber grip handles for easy manoeuvring

Specification	
Power:	1,500W
Split force:	4 tons
Maximum log length:	52cm
Cable length:	12m
Weight:	45.0kg

RCP1000

1,000W Electric Cultivator

NEW

- Features**
- Powerful brush motor with 4 tines
 - Adjustable cutting width
 - Foldable handles for easy transportation and storage
 - Livetool Indicator™ glows blue when plugged into power supply
 - GripZone™ overmould technology for improved comfort with a positive grip

Specification	
Power:	1,050W
Cutting width:	18–30cm
Cutting depth:	20.5cm
Tine diameter:	23cm
Cutting speed:	350rpm
Weight:	16.0kg

Pressure Washers

Electric Pressure Washers	58–61
Petrol Pressure Washers	62–63
Expand-it™ Accessories	64–65

A man in a grey polo shirt and brown trousers is using a Ryobi pressure washer to clean a dark blue car. The pressure washer is yellow and grey, with a black handle and a long hose. The car is parked on a paved driveway. The background shows a house and some greenery.

RYOBI®

**DESIGNED
TO DO
MORE**

Electric Pressure Washers

DUAL 2in1 CLEAN™

The DualClean™ is a pressure washer with a difference. By attaching the lance to the cleaning deck the pressure washer can be used in the upright mode, ideal for cleaning patios, decks and other hard standing areas. Alternatively, the unit can be used as a standard pressure washer with the lance detached, great for cleaning cars, motorhomes and boats.

Features

- 01 2-in-1 pressure washer. Works as a regular pressure washer, but also in upright mode for decking, patios and pavements.
- 02 33cm surface cleaner for up to 10 x faster results.
- 03 Compatible with the Expand-it™ range of pressure washer accessories.

RPW100S

100bar Pressure Washer

Features

- Siphon feature for drawing water from ponds, lakes, holding tanks, etc.
- Compact design for easy transportation
- Lance with adjustable spray nozzle
- Compatible with the Expand-it™ range of pressure washer accessories

Included as standard

Vario lance, Detergent bottle, Siphon feature, Turbo lance

Specification

Working pressure:	100bar
Max pressure:	105bar
Flow rate:	360l/h
Motor power:	1,400W
Hose length:	6m
Built-in kart:	No
Lance nozzle connection:	Fixed

RANGE SUMMARY & ACCESSORIES

PRESSURE WASHER ACCESSORIES

Expand-it™ Accessories are a series of products designed to enhance your pressure washer cleaning power and efficiency. Due to the innovative Expand-it™ connection system and Universal Brand fit™ these accessories are compatible with all popular pressure washers.

Hoses

PWA101	Replacement / Extension Hose – 8m
PWA102	Replacement / Extension Hose – 12m
PWA199	Starter Kit

M22 x 14/15mm compatible union at both ends. Includes a 22mm adaptor for extending hoses
M22 x 14/15mm compatible union at both ends. Includes a 22mm adaptor for extending hoses
Includes pressure washer gun, lance, 8m hose and 25° nozzle for general cleaning

Guns & lances

PWA201	Pressure Washer Gun
PWA202	High Performance Pressure Washer Gun
PWA204	Universal Lance
PWA205	Metal Lance
PWA208	Underbody Lance
PWA209	Drain Cleaner – 15m

With M22 hose connection. Requires compatible lance – eg PWA204.
With M22 hose connection. Requires compatible lance – eg PWA205 / PWA204.
Lance featuring Quick Connect nozzle attachment. Includes bayonet pack for compatibility with existing pressure washer guns, and a 25° nozzle for general cleaning.
Fits any M22-pressure washer gun. Features a Quick Connect attachment for a wide choice of cleaning nozzles.
Fits any pressure washer gun via supplied bayonets.
Fits onto pressure washer gun via M22 or supplied bayonets. Self-propelling to clear blockages from pipes or drains.

Adaptors & Connectors

PWA300	Kärcher Adaptor
PWA301	Bosch / MacAllister Adaptor
PWA302	Ryobi / Homelite / Black&Decker Adaptor
PWA303	Nilfisk / Lavor Adaptor
PWA306	M22 Adaptor
PWA307	Quick Connect to M22 Adaptor

Connects Universal Lance and Brushes to Karcher guns.
Connects Universal Lance and Brushes to Bosch, MacAllister and other FAIP guns.
Connects Universal Lance and Brushes to Ryobi (RPW100/120 E/S), Homelite (HPW080E), Black&Decker and other AR guns.
Connects Universal Lance and Brushes to Nilfisk and Lavor guns.
Connects Universal Lance and Brushes to M22 guns.
Converts Quick Connect-style lances into M22, for further compatibility.

Nozzles			
PWA400	0° Nozzle		Fits onto a Quick Connect nozzle attachment. Ideal for spot cleaning.
PWA401	15° Nozzle		Fits onto a Quick Connect nozzle attachment. Ideal for heavy cleaning.
PWA402	25° Nozzle		Fits onto a Quick Connect nozzle attachment. Ideal for general-purpose cleaning.
PWA403	40° Nozzle		Fits onto a Quick Connect nozzle attachment. Ideal for light, delicate cleaning.
PWA404	Soap / Rinse Nozzle		Fits onto a Quick Connect nozzle attachment. Ideal for applying detergent, or rinsing.
PWA405	4-Nozzle Set		Fits onto a Quick Connect nozzle attachment. A set of cleaning nozzles stored in a convenient rubber holder.
PWA407	6 in 1 Nozzle		Fits onto a Quick Connect nozzle attachment. 0°, 15°, 25°, Rinse, Low Pressure Soap and High Pressure Soap – all in 1 convenient nozzle.
PWA408	4 in 1 Nozzle		Fits onto a Quick Connect nozzle attachment. 0°, 25°, Low Pressure Soap and High Pressure Soap – all in 1 convenient nozzle.
PWA409	Turbo Nozzle		Fits onto a Quick Connect nozzle attachment. Dynamic jet for more Power:ful cleaning. Also known as a 'Dirt Blaster'.
Brushes & Cleaning Heads			
PWA500	Rotating Brush		Fits onto pressure washer gun via the supplied bayonets. Ideal for cars and other vehicles, the high pressure water stream rotates the brush, to provide active cleaning Power.
PWA501	Fixed Brush		Fits onto pressure washer gun via the supplied bayonets. The high pressure water stream makes cleaning easier and more effective.
PWA502	Soft Bristle Wash Brush		Fits onto pressure washer gun via the supplied bayonets. The high pressure water stream makes cleaning easier and more effective.
PWA508	Universal Patio Head		Fits onto pressure washer gun via the supplied bayonets. The application of 2 x high pressure water jets directly onto the target surface provides up to 10 x faster cleaning, with consistent, streak-free results.
